## Interest Areas

---

Symplectic Geometry, Gromov-Witten, Low Dimensional Topology, Knot theory, Gauge theory, etc.

## Education Background

---

**07/2016-** Michigan State University **PhD: Mathematics**

**09/2013-01/2015** Harbin Institute of Technology **Master: Mathematics**

GPA: (General) 85.4/100 Rank: 2/17 GPA: (Major) 89.1

**09/2007-07/2011** Harbin Institute of Technology **Bachelor: Mathematics**

GPA: (General) 87.5/100 Rank: 4/42 GPA: (Major) 90.9

## Research Experiences

---

08/2010-06/2011 Undergraduate Thesis- A Survey on Differential Forms and Tensor Analysis with Application to Physics (Advisor: Prof. Gejun Bao)

07-09/2015 HIT International Summer School

01/2014 ICM 2014 Satellite Conference on Algebraic Topology

09/2008 Undergraduate Students Scientific Research Program at PKU

2009/2010/2013 Yearly Lectures given by Professors from Mathematics Department of Moscow State University
